Energy class:	NE
Typology:	Land
Construction year:	0000

Features:

3D

Property description:

Located at 15 minutes drive from the city of Caldas da Rainha, at 10 minutes from the city of Rio Maior, at 3 km from the access to the A15, at 50 minutes from Lisbon and about 25/30 minutes from the beaches of the region.

Almost all the land is in an urban area, and it is possible to build a house of about 290m² (for every 530 m² of land).

It's located in a quiet area, with excellent sun exposure and open views, with some services very close such as cafes and the Santana market.
